Dear Shri Devendra Fadnavis ji,

This has reference to your letter dated 01.02.2023 and furtherance to my reply dated 17.02.2023.

Setting up of a Maritime Museum at Oyster Rock, Mumbai is a welcome proposal. The proposal resonates with one of the Panch Pran emphasized by the Hon'ble Prime Minister i.e. 'taking pride in our heritage and culture'.

I have been apprised that the proposal has progressed considerably with the active involvement of members of Maritime Mumbai Museum Society (MMMS) and the Indian Navy. The Indian Navy would provide the basic infrastructural support for the project, while the MMMS will pursue the curatorial work. In addition, help would be required from several agencies of the State Government to enable the project by providing necessary procedural clearances and government facilities.

I, therefore, request you to direct the concerned State Government agencies to work closely with the MMMS and the Indian Navy to support the project and resolve issues, if any.

With regards,

Yours sincerely,

(Rajnath Singh)
